

School Transport

The School provides transport facilities but offers no guarantee that a seat in the School Vehicle will be available. When the vehicles are full to capacity or do not ply in the area of the residence, it will be the responsibility of the parents / guardians to drop / collect the child from the specified vehicle stop.

Delhi Public School Ruby Park, Kolkata is, at present, running Euro II / III / IV compliant vehicle for carrying its students who have opted for transport facility, covering Kolkata, Howrah and 24 Parganas. All vehicles are connected electronically to the control room through GPS tracking system installed in buses. The vehicles are also equipped with first aid boxes. A lady attendant accompanies the junior students in the vehicle for their proper care.

Registration Charges of Rs. 200/- shall have to be paid in addition to bus charges at the time of opting for transportation as well as at the beginning of each academic year.

Bus Track

Parents can now be comfortable about their children taking the school buses. Complete information and security of the child. Based on the plan requested, parents can get instant SMS alerts when:

- 1.** The bus is about to come to pick up or drop the child.
- 2.** The child reaches school, so you know he's safely reached.
- 3.** The child has left the bus at any stop other than the regular one.
- 4.** The bus has any undue stoppage at an irregular place.
- 5.** There are emergency situations/rescheduling of buses.
- 6.** At any point of time, when the bus is getting late, parents can SMS "TRACK" to 54959 to get the current location of the bus.

E.g.: "Track 7" to 54959 from your Registered Mobile where
